10.

Math

Learning Goal:

- I can skip count by 5s, 10s, and 100s

1.

Start at 530 and **count by 5s** till 550.

2.

Start at 223 and **count by 5s** till 243.

3.

Start at 145 and **count by 10s** till 185.

4.

Start at 731 and **count by 10s** till 771.

5.

Start at 427 and **count by 10s** till 467.

6.

Start at 123 and **count by 100s** till 523.

7.

Start at 356 and **count by 100s** till 756.

Dear Grade 3 Families,

In **Language Arts**, we have continued working on writing simple sentences. We have started to expand our sentences to make them more exciting by adding more descriptive language. We will then look at what makes up a paragraph and start writing our own.

This week we have continued to build on our readers workshop and make reading the **best** it can be! We discussed how to set goals, whether it be to read for longer than the night before or reading more pages in a certain amount of time. We are also continuing to practice finding books that are just right and reading books like they're gold.

In **Science**, we will be reviewing the different types of rocks, what their properties are and what we use them for. Next, we will be talking about what soil is made up of and what the difference between weathering and erosion is.

In **Social**, we have finished practicing our mapping skills. We will be reviewing and moving on to using the World map to find Peru, Tunisia, Ukraine and India. We will also be using our compass Rose skills on the World map.

Important Dates:

- Library & Spelling Test Wednesdays
- Oct 7-10 - Read In Week Activities
- Friday Oct 11th & Monday Oct. 14th - NO SCHOOL
