Math

Learning Goal:

- Demonstrate an understanding of addition and subtraction of numbers with answers to 1000

Add:

23	346	567
<u>+ 84</u>	<u>+ 428</u>	<u>+ 664</u>

There were 127 students in grade 1 to 3 in Lamont Elementary. There were 154 students in the other grades. If everyone is here, how many students are in the gym during assembly time?

Subtract:

48	56	76	93
- <u>24</u>	- <u>34</u>	- <u>32</u>	- <u>48</u>

Dear Grade 3 Families,

Happy New Year! I hope you all got to enjoy some family time during the Winter Break.

In **Language Arts**, we started the week off with some New Year goal making. We have also kicked off a mini unit on Penguins and we continue with our readers workshop, focusing on non-fiction books & reading groups.

In **Math**, we reviewed addition of 2- and 3-digit numbers and have started to learn about subtraction strategies. We also continue to practice our problem-solving steps on a daily basis.

In **Science**, we have started our "Testing Materials and designs" unit. This week we talked about what makes a "fair test" in an experiment. We also learned how arches are strong shapes and that different types of beams will hold different masses. We are starting to collect materials for our building unit. Please send any recycled materials that can be used for building. For example: egg cartons, plastic containers/bottles, paper tubes, broken down boxes, etc.).

In **Social**, we will be talking about services people need to have a good quality of life. We will look at services in Peru, Tunisia, Ukraine & India and compare them with the services provided in urban and rural settings in Canada.
