Dear Grade 3 Families,

Happy New Year! I hope you all got to enjoy some family time during the Winter Break.

In **Language Arts**, we wrote about what we thought it would be like to be a Penguin and continued looking at non-fiction texts during our Reading Workshop time. We also have been trying to add WOW words to our writing.

In **Math**, we have been practicing subtracting 2- and 3-digit numbers. We also continue to practice our problem-solving steps on a daily basis. A study guide will be coming home on Friday January 17th. Our unit test on adding and subtracting will be on Thursday January 23rd.

In **Science**, we continue to do experiments related to our "Testing Materials and Designs. We continue to talk about what makes a "fair test" and make predictions in each experiment we do. This week we discussed different types of pillars and what shapes make the strongest pillars. We are starting to collect materials for our building unit. Please send any recycled materials that can be used for building. For example: egg cartons, plastic containers/bottles, paper tubes, broken down boxes, etc.).

In **Social**, we are still talking about services people need to have a good quality of life. This week we looked at services in Tunisia & Ukraine.

Important Dates

- Library & Spelling Test - Wednesday
- MATH TEST - THURSDAY JANUARY 23rd**
- We are having an *in-school field trip on Monday January 27th* where students will get to build their own playground. Please look for a note coming home with the cost of this field trip and send in the money, or pay on Power School by the due date stated on the letter.
