

LOOK WHAT I
LEARNED...

Name: _____

Date: _____

Learning Goal: I can recognize and spell high frequency words.

This Week's Words

1. _____

2. _____

3. _____

4. _____

5. _____

6. _____

7. _____

8. _____

9. _____

10. _____

Math

Learning Goal:

- Demonstrate an understanding of addition and subtraction of numbers with answers to 1000

Add or subtract:

894	843	823	439
<u>+ 346</u>	<u>- 349</u>	<u>-365</u>	<u>+426</u>

Solve the word problems:

Jess travelled 127 Km the first day of her trip and 251 Km the second day.

a) How many kilometers did she travel in all?

b) How many more kilometers did she travel on the second day?

Dear Grade 3 Families,

In **Language Arts**, we created an animal ABC book. We used a thesaurus to help us use stronger verbs to describe these animals. We also did some inferring, by using text clues to help us better understand the texts we are reading. We also continued reading groups

In **Math**, we have been practicing adding and subtracting 2- and 3-digit numbers. We also practiced our problem-solving steps to help prepare for our test on Thursday.

In **Science**, we continue to do experiments related to our "Testing Materials and Designs. We continue to talk about what makes a "fair test" and make predictions in each experiment we do. We have started a "Nail" test to see if an uncoated nail, a painted nail or a galvanized nail will rust in the same way. We will keep them in water for 2 weeks and check in every couple of days. We also talked about the stability of containers and found out that tall containers with a narrow base are not as stable as short ones with a wide base. We are starting to collect materials for our building unit. Please send any recycled materials that can be used for building. For example: egg cartons, plastic containers/bottles, paper tubes, broken down boxes, etc.).

In **Social**, we are still talking about services people need to have a good quality of life. This week we looked at services in India. Then we chose a country to go back into the book and research the services that are available and made a web.

Important Dates

- Monday: In-school field trip 9:00 - 11:55 & Book Swap Day
- Tuesday: Mrs. Calder away at a new curriculum session in Sherwood park.
- Library & Spelling Test - Wednesday
- School council meeting on Thursday @ 6:00 p.m.
- Friday: Numeracy day in the afternoon from 12:45 - 3:00
