

LOOK WHAT I
LEARNED...

Name: _____

Date: _____

Learning Goal: I can recognize and spell high frequency words.

This Week's Words

1. _____

2. _____

3. _____

4. _____

5. _____

6. _____

7. _____

8. _____

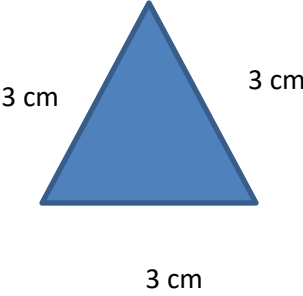

9. _____

10. _____

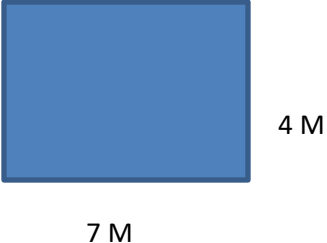

Math

Learning Goal:
Demonstrate an understanding of perimeter of regular and irregular shapes.

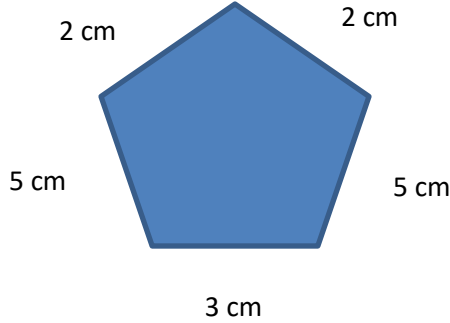

What is the perimeter of each shape?

P = _____

P = _____

P = _____

Dear Grade 3 Families,

In **Language Arts**, we continued to read Charlie and the Chocolate Factory as a read aloud and we have also continued our poetry unit. We also continue to work on our word work that goes along with next week's spelling test and continue to work with reading groups at various levels.

In **Math**, we have reviewed perimeter and we've taken a pause to participate in Elk Island Public School's "Week of Inspirational Math" lessons. These lessons have been set up by the district and are hands on activities that have our students look at math in a different way. We will continue with measurement next week, reviewing perimeter and talking about mass in grams and kilograms.

In **Science**, we have started a new Inquiry project: "What harms animals and what can I do about it?" We will start out with researching and recording our findings. Then we will be able to create a project to present our information. Hopefully we will be able to complete this project by Spring Break.

In **Social**, we have started to talk about natural resources, goods and services available in Peru, Tunisia, Ukraine and India.

Important Dates

- Wednesday March 18th: Spelling Test & Library
- Thursday March 19th & Friday March 20th: Mrs. Calder Away
- Friday March 20th: Report Cards up on PowerSchool @ 3:00 p.m.
